

Statement from the family of Kip Jacoby

The Jacoby family has been comforted by the outpouring of support from our family, friends and neighbors, and from the Night Stalker family as we deal with the loss of Kip.

Kip believed his choice of service for our country was meaningful and right. He loved what he was doing, he knew the risks, and he was proud to be a Soldier fighting so others wouldn't have to. He made us very proud.

Those who knew Kip realized that he was unique and a real joy to know. He was smart, gifted, and innovative. He has touched all of our lives in ways we can never forget. Even in the face of danger, he showed courage and bravery as well as a keen sense of humor.

He honors us all.
